**Nelson Brush Site Project**

This addendum shall be included and considered part of the plans and specifications for the above named project. The contractor shall be required to sign the acknowledgement of this addendum and return it with the bid package.

The reason for **Addendum 1** is to respond to questions from the Bidders, and to make clarifications or modifications to the bid documents, technical specifications, and drawings.

This Addendum includes the following changes to the bid documents:

**BIDDER QUESTIONS AND RESPONSES**

1. Question: Some of the Forms in the Specifications do not match the Forms listed on the City of San Antonio website.

Response: The Forms on the City of San Antonio website are correct. The following changes should be made to the Specifications:

- Replace the entire Form 030, Contractor's Questionnaire, with the new Form 030, attached. The new form matches the document found on the City of San Antonio website.
- Remove the entire Form 035, Plan/Schedule.
- Replace the entire Form 040, Standard Instructions to Respondents, with the new Form 040, attached. The new form matches the document found on the City of San Antonio website.
- Remove the entire Form 045, Evaluation of Proposals.
- Remove the entire Form 051, List of Subcontractors/Suppliers.
- Add the Heavy/Highway General Decision No. TX100041 03/12/2010 TX41, attached. The Wage Rate Decision can be found on the City of San Antonio website.
- Remove the entire Form 091, HUD Supplemental Conditions.
- Remove the entire Form 095, SAWS Waterworks and Sanitary Sewer Construction. Also remove the Relevant Experience List and Discretionary Contracts Disclosure documents located behind Form 095.

2. Question: Please provide information on the volume of dirt stockpile inside the limits of the job site, volume of material available in the vicinity of the job site, and general description of the material available.

Response: An existing stockpile plan is attached to present the approximate size and location of the existing soil stockpiles and a potential soil borrow source. Note that there are 2 stockpiles within the Nelson Brush Site project boundaries. One of the stockpiles is being removed by the City prior to the start

of construction. The second stockpile must be moved or used by the Contractor on this project. The soil came from Woodlawn Lake and should contain very silty or sandy clays. The soil should be suitable for general fill on the site but may not be suitable under structure or pavement areas. We estimate approximately 13,000 cubic yards of soil in this stockpile.

The adjacent borrow area located on the stockpile drawing came from development of the closed Nelson Gardens Landfill. The soil should consist primarily of clay materials (CL and CH). The material should be suitable for fill on the project site. We estimate more than 20,000 cubic yards of soil is located in the borrow area. Note the following conditions for using the adjacent borrow area:

- The selected Contractor shall submit a drawing with the proposed limits of the borrow area.
- Install temporary erosion controls as necessary or required.
- Provide suitable access from the borrow area to the Nelson Brush Site.
- Strip all unsuitable brush, topsoil, and unsuitable material from the top layers of the borrow area.
- Do not excavate or fill within the 100 year floodplain.
- Final grades shall have positive drainage (no ponding areas).
- The minimum excavation elevation shall be 622.0.

**STANDARD FORMS**

No plea of ignorance by the Respondent of conditions that exist or that may hereafter exist as a result of failure or omission on the part of the Respondent to make the necessary examinations and investigations, or failure to fulfill in every detail the requirements of the contract documents, will be accepted as a basis for varying the requirements of the City or the compensation to the vendor.
- (c) Respondents are advised that all City contracts are subject to all legal requirements provided for in the City Charter and/or applicable City Ordinances, state and federal statutes. Any offer, after being opened, becomes subject to the Open Information Act, V.T.C.A. Government Code Chapter 552, therefore vendors must clearly indicate any portion of the submitted offer that the vendor claims is not subject to public inspection under the Open Information Act.
- (d) No officer or employee of the City shall have a financial interest, direct or indirect, in any contract with the City, or shall benefit financially, directly or indirectly, in the sale to the City of any materials, supplies or services, except on behalf of the City as an officer or employee.

  - (b) Certifies (in accordance with the guidelines below) that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency OR where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this offer.

**GUIDELINES FOR CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION -- LOWER TIER COVERED TRANSACTIONS**

By signing and submitting this offer, the prospective lower tier participant is providing the certification set out below.

1. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

2. The prospective lower tier participant shall provide immediate written notice to the person to which this offer is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

3. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this offer is submitted for assistance in obtaining a copy of those regulations.

4. The prospective lower tier participant agrees by submitting this offer that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

5. The prospective lower tier participant further agrees by submitting this offer that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion -- Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

6. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant

may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

7. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

8. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

## **2. DISCREPANCIES AND INTERPRETATION**

- (a) Prospective Respondents shall notify Consultant and City in writing at least five (5) calendar days prior to scheduled Offer Opening date if discrepancies and ambiguities or omissions are found in the Project Plans and/or Specifications, or if further information or interpretation is desired.
- (b) Answers by Consultant and/or City will be given in writing to all prospective Respondents in Addendum form. All provisions and requirements of such addenda will supersede or modify affected portions of the Project Plans and/or Specifications. All addenda will be incorporated in and bound with the Contract Documents. No other explanation or interpretation will be considered official or binding upon the City.

## **3. PREPARATION OF BIDS**

Offers will be prepared in accordance with the following:

- (a) All information required by the invitation for offers shall be furnished or the bid may be deemed non-responsive.
- (b) Respondents shall complete the "020 Bid Form" and include the completed form in their proposal. Failure to complete and submit this form may render Respondent's proposal nonresponsive.
- (c) Respondents shall submit unit pricing either on the forms provided by the City or its Consultant or an original computer printout sheet bearing certification by and signature for the offering firm. The unit prices shown on acceptable printouts will be unit prices used to tabulate the offer and used in the contract if awarded by the City. As a minimum, computer printouts must contain the information and in the arrangement shown on the 025 Unit Pricing form included in the City's solicitation documents. Proposals with unit prices by computer printout may be considered nonresponsive if:
  - 1. The proposal does not bear the certification verbatim, as shown on the example in the City's solicitation documents.
  - 2. The computer printout is not signed in the name of the firm to whom the proposal was issued.
  - 3. The computer printout omits or alters required offer items or includes items not shown in the City's solicitation documents or specifications.

If the proposal submitted by the Respondent contains both the form furnished by the City, completed according to the instructions, and also a computer printout, completed according to the instructions, only one will be considered. In this situation the offer prices shown on the computer printout will be used to determine the offer.

- (d) Respondents shall submit a unit price for each Work element pay item for which an offer is requested, except in the case of an alternate. In such a case, the procedure is as follows:
  - 1. Additive Alternate: In the case of Additive Alternates, unit prices must be submitted for the base offer and the items in all proposed additive alternates separately.
  - 2. Substitute Alternate: In the case of a Substitute Alternate (these alternates appear in sets of two or more related alternates), unit prices must be submitted for all the items in the base offer separately and for all the items in one of the related substitute alternates in each set.
- (e) Where there is an error in extension of price, the unit price shall govern.
- (f) If a Respondent detects an error in quantities on the specifications or solicitation documents, unit price shall govern. Respondent shall notify the City of such error by indicating in the comments section of the bid/pricing form or beside the item on the City's proposal form or computer printout referenced in 3. (e) above. Respondent should not attempt to correct the error by inflating unit pricing.
- (g) In the event additional or extra blank spaces remain after completion of the various forms, Contractor shall enter the terms "none" or "not applicable" on any remaining blank spaces to indicate that the Contractor has considered City requests for information on every line presented. Any blank unit prices will be tabulated and evaluated as "no cost" to the City.
- (h) The combined total offers for Mobilization and Preparing Right-of-Way, shall not exceed fifteen percent (15%) of the total project offer. The 15% allowed for Mobilization and Preparing Right-of-Way will be calculated based upon the total of all offer components. A offer containing a combined total for Mobilization and Preparing Right-of-Way in excess of fifteen (15%) percent may be considered unbalanced and may be rejected.
- (i) The unit price shall be inserted on the 025 Unit Pricing Form in the "UNIT BID PRICE" column. Extensions, which are the unit prices multiplied by the approximate quantities for each item, shall be inserted in figures in the amount column. Offers shall be submitted only on the City's 025 Unit Pricing Form or approved computer printout sheets. Offers not so submitted will be considered nonresponsive. Conditional offers or unbalanced offers will be considered nonresponsive.
- (j) Separated Contract: This project will be offer as a "separated contract" in accordance with a recent amendment to section 151.311 of the tax code in order for the contractor to claim a tax exemption on the contract price of materials.

#### **4. SUBMISSION OF OFFERS**

  - 7. Good Faith Effort Plan or List of Subcontractors is not submitted with bid, if applicable.

The City reserves the right to deduct any delinquent taxes from payments that the City may owe to the delinquent Respondent as a result of such contract.
- (c) The City may, however, reject all offers whenever it is deemed in the best interest of the City to do so, and may reject any part of a offer unless the offer has been qualified as provided in 5(a)3 above.
- (d) The City at its sole discretion may also waive any minor informalities or irregularities in any offer, to include failure to submit sufficient offer copies, failure to submit literature or similar attachments, or business affiliation information.

## **6. WITHDRAWAL OF OFFERS**

Offers may not be withdrawn after the time set for the offer opening, unless approved by the City.

## **7. LATE OFFERS OR MODIFICATIONS**

- (a) Offers and modifications received after the time set for the offer opening (solicitation deadline) will not be considered.
- (b) Proposal amounts may not be amended or modified in any manner after the Solicitation Deadline in the published IFB/IFCSP, except as hereinafter provided.

(c) The City will perform a cursory review to determine if the offers are complete as to required contents, in proper form, and are properly signed. An offer that is obviously defective will not be read aloud at the bid/offer opening, nor will the offer prices included therein be publicly revealed. If a minor clerical error or omission is discovered and classified by the City as a technicality which the City of San Antonio has reserved the right to waive, or applicable law allows the City a right to waive, the Respondent's representative shall have the opportunity to make the appropriate correction.

## **8. PROPOSAL GUARANTY:**

(a) Each Offer Proposal must be accompanied by a certified or cashier's check (if the offer is less than \$25,000) or an original Bid/Offer/Proposal Bond issued by a corporate surety company licensed to conduct business in the State of Texas, in the amount of not less than five percent (5%) of the greatest total amount of the Offer/Bid/Proposal, payable without recourse to the order of the City of San Antonio, Texas. These forms of security will serve as a guarantee that, if awarded the Contract, the Respondent will promptly enter into Agreement with the City as required by the Contract Documents and execute Performance and Payment Bonds on the City forms provided.

(b) Termination of Offer: No Offer shall be withdrawn or terminated by Respondent without consent of the City for a period of ninety (90) calendar days after the solicitation deadline.

(c) Should the successful Respondent fail to execute the Contract and Bonds and provide the required insurance within twenty (20) calendar days after the date of transmittal of the Contract Documents by City to Contractor, said Proposal Guaranty shall become the property of the City, not as a penalty, but as liquidated delay and administrative damages suffered by the City as a result of the successful Respondent failing to enter into the awarded City Contract.

(d) Proposal guarantees of the first-, second- and third-ranked respondents (for IFCSP) or first-, second- and third-lowest bidders (for IFB) will be retained until after the Contract Agreement and Bonds have been executed. Proposal guarantees in the form of any certified or cashier's check of all except the three above-referenced Respondents will be returned by mail to unsuccessful Respondents upon certification of the three above-referenced respondents, unless there is a justifiable reason for City to hold them for the full ninety (90) calendar day period.

## **9. QUALIFICATIONS OF RESPONDENT:**

(a) The City or its agents may make such investigations as it deems necessary to determine the ability and responsibility of the Respondent to perform the Work. Respondent shall furnish to the City reasonable information and data for this purpose as the City may reasonably request. The City reserves the right to reject any offer if the evidence submitted by, or investigation of, such Respondent fails to satisfy the City that such Respondent is responsible to carry out the obligations of the Contract and to complete the Work contemplated therein.

(b) The City has implemented a Contractor performance evaluation system. The evaluation will cover accomplishment of the Project with adequate manpower; ability to meet schedule; adequacy of materials and equipment; citizen complaint response; adjacent-to-project property owner relations; and attendance at public project meetings. The Contractor's evaluation history may also be used by the City Staff as a basis for recommendations of award to the City Council.

## **10. AWARD OF CONTRACT**

(a) For Invitation for Bids, the contract will be awarded to the lowest responsible Respondent whose offer, conforming to the Invitation for Bids, is most advantageous to the city.

(b) For Invitation for Competitive Sealed Proposals, the contract will be awarded to the Respondent whose offer, conforming to the Invitation for Competitive Sealed Proposals, is most advantageous to the City.

- (c) **A written award of acceptance (manifested by a City Ordinance) and appropriation (evidenced by Purchase Order) mailed or otherwise furnished to the successful Respondent results in a binding contract without further action by either party.**
- (d) Breaking of tie offers shall be in accordance with V.T.C.A. Local Government Code § 271.901.
- (e) The City reserves the right to accept any items or groups of items on this offer, unless the Respondent qualifies his/her offer by specific limitations (Re: Par. 5(a)(3) above).
- (g) Although the information furnished to Respondents specified the approximate quantities needed, based on the best available information where a contract is let on a unit price basis, payment shall be based on the actual quantities supplied. The City reserves the right to delete items, prior to the awarding of the contract, and purchase said items by other means; or after the awarding of the contract, to increase or decrease the quantities offer in accordance with § 252.048 of the Texas Local Government Code. No changes shall be made without written notification of the City.
- (h) Effective January 1, 2006, Chapter 176 of the Texas Local Government Code requires that persons, or their agents, who seek to contract for the sale or purchase of property, goods, or services with the City, shall file a completed conflict of interest questionnaire with the City Clerk not later than the 7<sup>th</sup> business day after the date that the person: (1) begins contract discussions or negotiations with the City; or (2) submits to the City an application, response to a request for proposals, offers, correspondence, or another writing related to a potential agreement with the City. The conflict of interest questionnaire form is available from the Texas Ethics Commission at [http://www.ethics.state.tx.us/whatsnew/conflict\\_forms.htm](http://www.ethics.state.tx.us/whatsnew/conflict_forms.htm). ## 11. SITE INVESTIGATION

- (a) The submittal of an Offer by Respondent shall constitute an admission that the Respondent has fully examined the location of the proposed Work and the requirements of the Work. The Respondent shall be familiar with all of the Contract Documents and other City instructions including Respondent's ability to submit inquiries to City and Design Consultant before submitting an Offer so that no Contractor misunderstanding shall exist regarding the nature and character of the Work to be performed. No allowance will be made by City for any Respondent claim that the Offer/Proposal/Bid is based upon incomplete information as to the nature and character of the site or the Work involved.
- (b) After investigating the Project site and comparing the Plans and Specifications and other Contract Documents with the existing conditions, the prospective Respondent should immediately notify the Consultant of any conditions for which the requirements of labor and materials are not clear, and pose any question regarding the quantity and extent of the Work involved. Respondent inquiry notifications to the City and/or Consultant must be made in writing at least five (5) calendar days prior to the scheduled solicitation deadline.
- (c) It is understood and acknowledged by Respondent that full and complete allowance for conditions under which the Contractor will be required to perform construction, or that will in any manner affect Work under this Contract, are included in the Respondent's Proposal and reflected in the proposed Contract sum. If a soils investigation was conducted as a potential

aid to the Consultant in preparation of the Contract Plans and Specifications, this information is available to prospective respondents for review at the Project Consultant's office and is non-refundable. Copies may be purchased from the Consultant. THIS INFORMATION IS AVAILABLE TO PROSPECTIVE RESPONDENTS WITHOUT EXPRESS OR IMPLIED REPRESENTATION, ASSURANCE, WARRANTY OR GUARANTEE BY CITY OR CONSULTANT THAT IT IS COMPLETE OR CORRECT OR THAT IT REPRESENTS A TRUE, OR APPROXIMATELY TRUE, PICTURE OF THE SUB-SURFACE CONDITIONS TO BE ENCOUNTERED ACROSS THE PROPOSED WORK SITE. THIS INFORMATION IS SPECIFICALLY NOT PART OF THE CONTRACT DOCUMENTS. Before submitting its Offer, each Respondent may, at Respondent's own expense, make reasonable work site investigations and tests as the Respondent may deem necessary to determine his Offer for performance of the Work in accordance with the Contract Documents. Access for such investigations and tests must be reasonably coordinated with the City.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

-----

In the listing above, the "SU" designation means that rates listed under the identifier do not reflect collectively bargained wage and fringe benefit rates. Other designations indicate unions whose rates have been determined to be prevailing.

## WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
